

EMERGENCY 24/7/365 Emergency Care

The Emergency Department of Portland Veterinary Emergency and Specialty Care is available 24 hours per day, 7 days per week, 365 days per year to provide emergency and critical care.

Veterinarians, please call 207-878-3121, option 1, and speak directly with an emergency veterinarian to discuss a patient case prior to transferring the patient into PVESC's care.

Upon arrival, patients will be triaged. If the patient is determined to have a life-threatening emergency, the pet will be seen immediately. All other cases are seen in order of degree of urgency, not in order of arrival.

Consultations through Emergency with our specialty departments (including emergency ultrasounds) are not always guaranteed on the same day, especially if the patient arrives on weekends or towards the end of our normal specialty hours of Monday to Friday, 8:00am to 5:00pm.

Normal Specialty Business Hours for our Warren Avenue location:

Surgery, Internal Medicine, and Oncology; Monday Through Friday 8:00am to 5:00pm.

Neurology; Tuesday through Friday, 8:00am to 5:00pm.

Cardiology; Monday and Thursday, 8:00am to 4:00pm.

To reach our emergency department for emergency for emergency referrals, non-urgent cases, and questions, please call 207-878-3121, option 1.

Diagnostic and medical records can be emailed to emergency@pvesc.com or faxed to 207-878-0829.
